

## Accessing NCSER Partnership Webinars in the CEC Learning Library

The CEC Learning Library is where you can access webinar recordings, download Professional Development Hours certificates for webinars you've attended or viewed, and manage your own professional learning journey.

Here's how to access the Learning Library and the free webinars in collaboration with the [National Center for Special Education Research \(NCSER\)](https://www.ncsrer.org/), who have made these webinars free for everyone!

- **If you know your CEC account information:**  
Head to <https://cec.interactyx.com/loginoauth2.aspx> and log in with your CEC username and password. You'll be redirected to the Learning Library automatically.
- **If you have no idea what your CEC account information is, but you know you have one:**  
You can ask for a password reset from [this page](#). Once you've logged in, you can access the Learning Library [here](#).
- **If you don't have a CEC account yet:**  
[Create an account](#), and then log in to the Learning Library [here](#).

Here's a sample of what the main landing page of the Learning Library looks like:

The screenshot shows the CEC Learning Library interface. The top navigation bar includes the CEC logo and links to Dashboard, My Learning, Catalog, Webinars and Workshops, Calendar, and My History. The main content area is titled 'Webinars and Workshops' and displays a list of 65 items. The items are organized into three columns, each with a thumbnail, title, and price. The first item is 'An Equity-Focused PBIS Approach for Increasing Racial Equity in School' (FREE). The second is 'The Election's Over...Now What?' (\$91.00). The third is 'A Valuable Partner: Setting the Stage For Effective Family Engagement' (\$91.00). A green arrow points to the 'NCSER Partnership Webinars' category in the right sidebar. The sidebar also lists other categories like Ages/Grade Ranges, Assessment, Collaboration, Diversity, Exceptionalities, Free Partnership Webinars, Instruction and Intervention, Legal, and Professional Role/Career Growth.

| Category                        | Count |
|---------------------------------|-------|
| Ages/Grade Ranges               | 10    |
| Assessment                      | 24    |
| Collaboration                   | 27    |
| Diversity                       | 6     |
| Exceptionalities                | 19    |
| Free Partnership Webinars       | 2     |
| NCSER Partnership Webinars      | 2     |
| Instruction and Intervention    | 45    |
| Legal                           | 21    |
| Professional Role/Career Growth | 24    |

You can find all of our NCSER partnership webinars (free for everyone!) by using the Categories section on the right—look for “Free Partnership Webinars,” and then “NCSER Partnership Webinars.”

Premier and Full CEC Members: You have access to the entire library of recorded webinars as part of your member benefits! Just click the “Free” or “Start” button to access the recording.

**Viewing and Printing Professional Development Hours Certificates**

You can print PDH certificates from the “My History” section. Any webinar or course you have fully completed will show a “Download” arrow for you to access your certificate. You can claim PDHs for any webinar that you have watched the recording of.

Here’s a sample of the “My History” section. You can see the download arrows in the next-to-last column for each webinar, and you can download the certificate for any webinar marked as “Completed.”
