OSEP Discretionary Grants Database

INSTRUCTIONS: The Office of Special Education Programs (OSEP) Discretionary Grants Database provides a public listing of all grant awards across the programs administered by OSEP. It is searchable by grant program, state, disability, age of the children service, and other keywords. Abstracts are provided for each grant project and also summaries of project data are downloadable.

1. Use of Chrome as a browser is recommended.
2. Go to the [OSEP IDEAs That Work](#) using the link or this QR code.
3. Scroll to the bottom of the home and click on “Discretionary Grant Database.”
4. Click on “FIND A CENTER OR GRANT.”

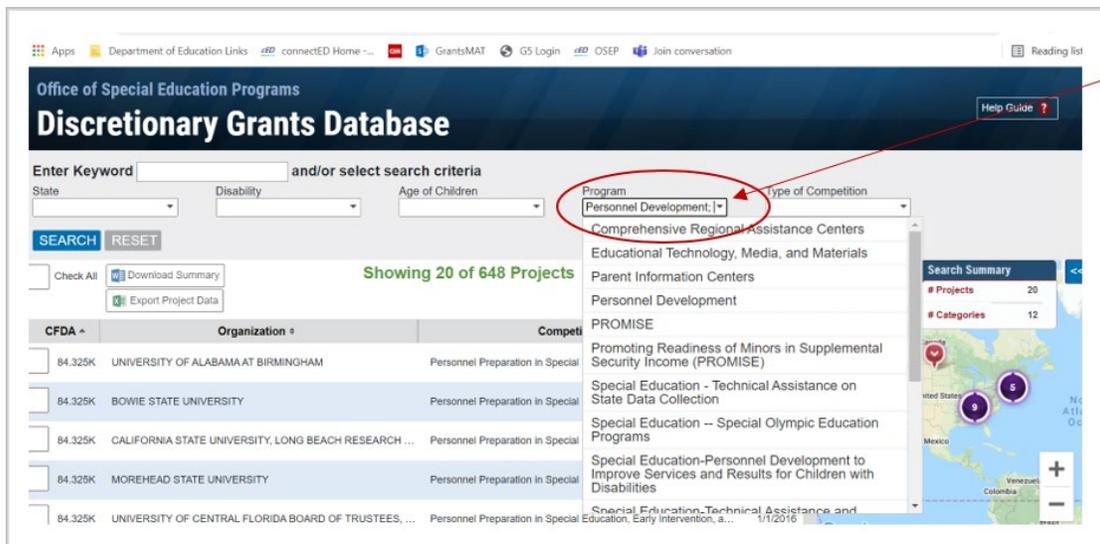

5. Click on Discretionary Grants Database.

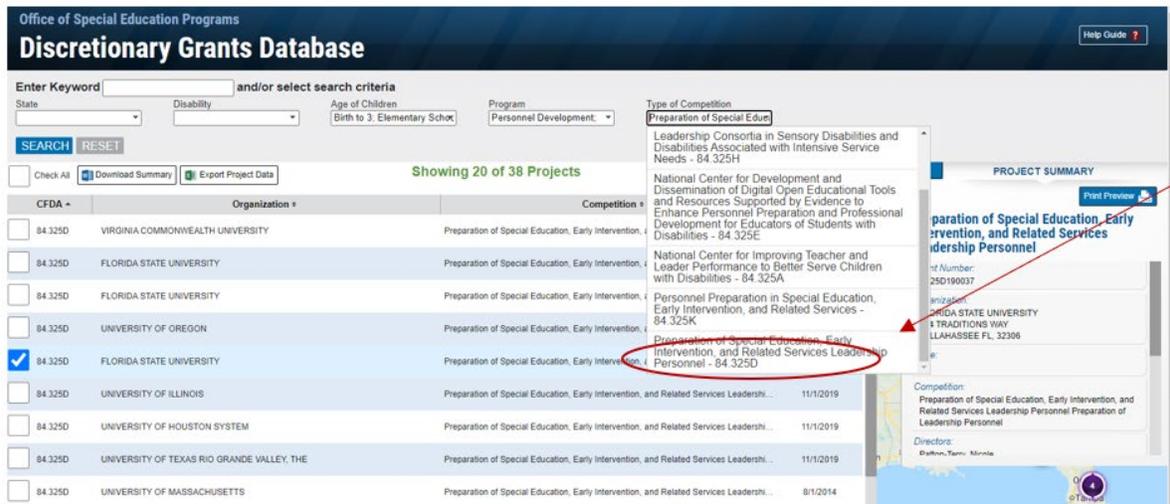

6. Click “Start” and then, you will see the homepage and search categories with dropdown menus.

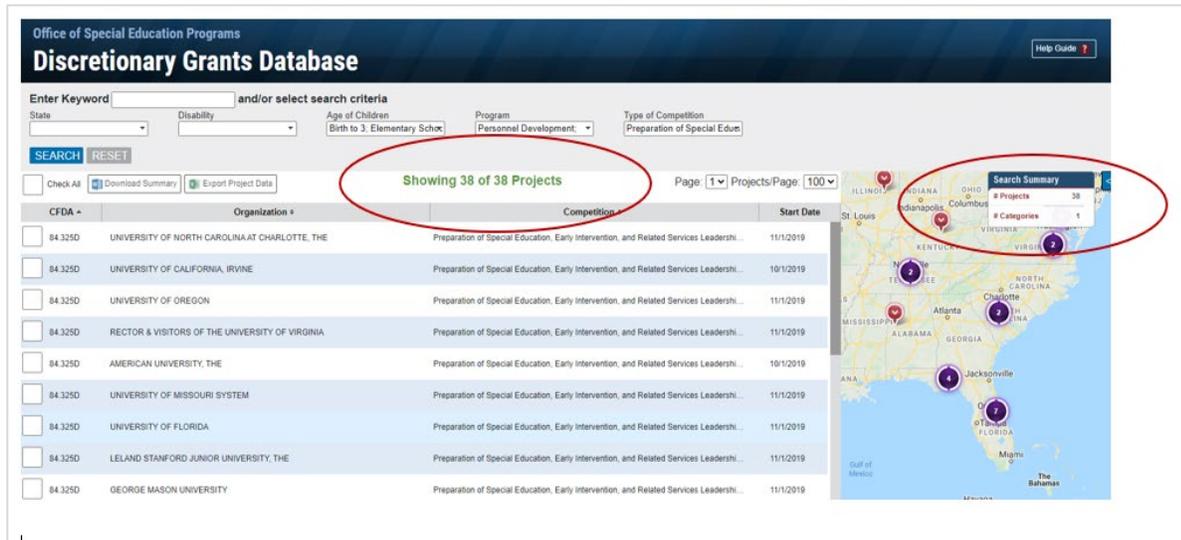

7. To search for Personnel Development Program (CFDA 84.325) grants, use “Program” and enter “Personnel Development” for the Personnel Development Program (PDP).

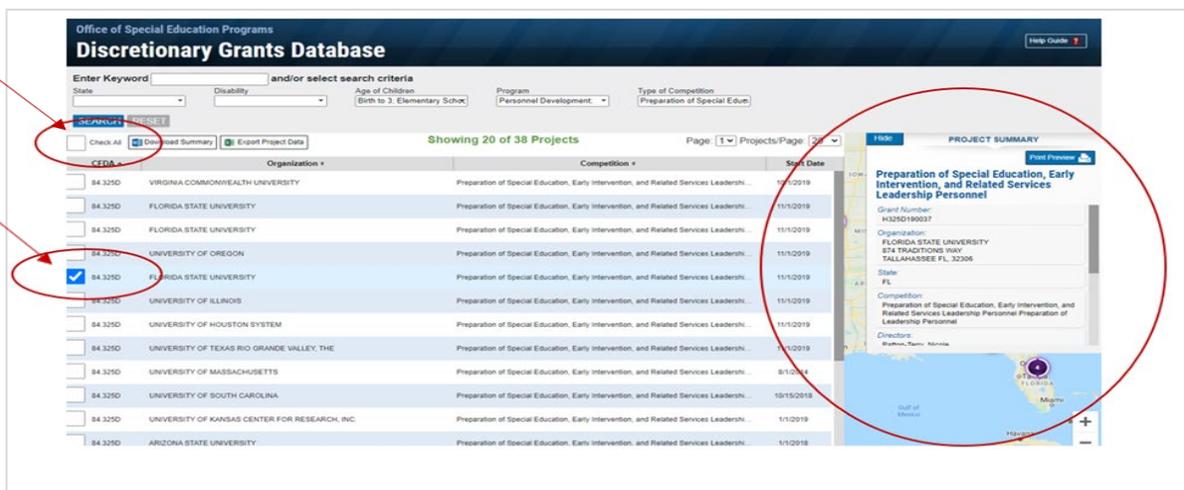

8. To narrow the search for PDP grants, add one or more filters such as “Type of Competition” for the grant programs (e.g., 325K, 325D), “State” or “Age of Children” (e.g., Birth to 3 and Preschool, Elementary School).

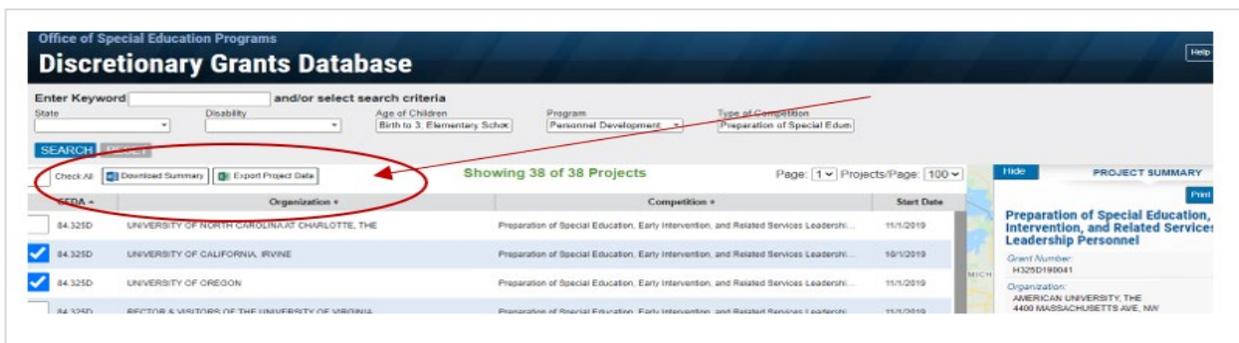

9. Hit “SEARCH” to generate a listing of grants that meet the search criteria set. Use “RESET” to change the filters and begin a new search. There are several ways to see the number of projects that meet your search criteria as shown below.

10. Each search will generate a list of grant projects that meet the criteria set. Check the box to see a brief description for project(s) of interest. Check one or more boxes or select “Check All” for a full list.

11. Download a brief Project Abstract (as shown below) by selecting “Download Summary” or select “Excel Project Data” for a spreadsheet with project data. Check the boxes for the project(s) that you want included.

Note:

Purpose: This project will prepare 34 Early Childhood Special Education (ECSE) administrators and supervisors in a two-year Education Specialist degree program. The program will focus on helping leaders collect, analyze, and interpret data related to child outcomes to be used in formative and summative program evaluations to meet the needs of young children with disabilities and their families.

Method: Activities of this project include: (a) recruiting ECSE administrators who work in urban school districts; (b) increasing the number and quality of inclusive early childhood leaders in school and district settings; (c) partnering with Toledo Public Schools; and (d) collecting and interpreting data to assess the impact of the project.
