

Unifying IDEA Compliance & Student Achievement

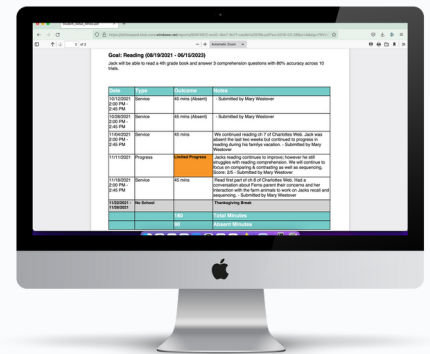

Consolidate IEP Data Collection

Get a District-Wide Pulse on Progress & Services

Respond to Stakeholder Requests

Get a pulse on important aspects of IDEA compliance across your district by consolidating documentation of services & progress.

Brolly provides visibility into IEP implementation so you can identify coaching opportunities and understand trends that impact student achievement across your district. Providers can log services and progress in under a minute from any device.

Real-time dashboards give you visibility for proactive, data-based decision making. Plus, easy to export reports let you respond to stakeholder requests quickly and efficiently.

If you're ready to streamline your district's IEP goal tracking and gain greater oversight, let's connect.
