Eliminating Generic Goals in the IEP Process

“Let’s Go Learn’s new diagnostic IEP goal writer is an absolute game-changer. This is going to completely change the IEP writing process for special educators.”

- Dr. Kurt Hulett, special education legal author and expert

No More Copy-and-Paste Annual Goals and Short-Term Objectives

Diagnostic Assessments:
- Drive an algorithm that assigns and matches each student with short-term objectives and annual goals
- Establish reasonably ambitious objectives tied specifically to each child’s deficits and needs
- Ensure that each goal is easily measurable and linked to standardized scores
- Prevent the “copy and paste” effect, since all goals are driven by the student’s actual granular diagnostic data

IEP Writing Tool Generates Standards-Based Goals with Baseline Data and Narrative Text

- Eliminates the use of generic, broad copy-and-paste goals from drop-down lists
- Greatly increases IEP specificity, quality, and legal compliance
- Provides easy-to-understand narrative text individualized for each student in math and reading
- Ensures tight alignment between PLAAFP (Present Level) statement and individual student goals
- Provides individualized scores for baseline data in the IEP
Monitor Progress and Meet Legal Compliance

- Has a mechanism to easily track progress and share regular reports with parents regarding goal and objective performance
- Provides immediate on-demand data feedback for timely intervention and SDI adjustment
- Ensures a valid, reliable, and easy system for data collection and progress monitoring
