EC-AID

Collect, manage and report special education data
for compliance and student-centered decision making

WHALE SHARK
Software

EC-AID
Exceptional Children Accommodation & IEP Data Tracking

EC-AID allows you to gain control and visibility to your IEP implementation data through simplified data collection and reporting.

By putting IEP progress monitoring in the palm of a teacher's hand, EC-AID enables staff to consistently document goal progress, accommodation utilization, & service delivery, and demonstrate IEP implementation with fidelity.

Our reports have enabled schools and providers to successfully demonstrate IEP goal progress monitoring and accommodation delivery in state audits and litigation.

EC-AID provides increased accountability to parents, improves fidelity of IEP implementation through data collection, supports the Special Education team by including all staff in progress monitoring, reduces time required by staff to generate reports, benefits students with better data for decision making, and increases IDEA and state compliance.
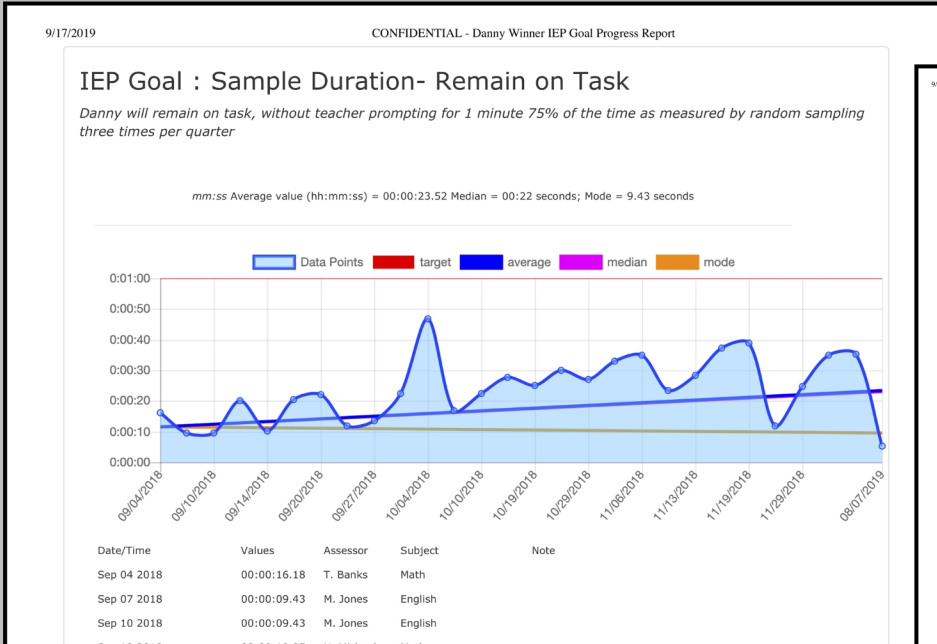

EC-AID Web Portal

EC-AID's full functionality - including account setup, managing calendars, associations, & preferences, and all reporting - can be accessed through a computer web browser. There is also a thorough User Guide and video tutorials available here.

PowerSchool
OFFICIAL PARTNER

We are proud to partner with PowerSchool. Our integration of EC-AID and PowerSchool can ensure that as changes occur with your students, staff and calendars, EC-AID is kept in sync. EC-AID supports Single Sign-On (SSO) directly from within PowerSchool, enabling seamless access to EC-AID administrative functions and IEP Goal Progress Monitoring, Accommodations and Service Logging Reports directly from Student Information Pages.

EC-AID User Guide

What is EC-AID?

EC-AID is a secure, low-cost solution that complements your IEP software providing data collection for goal progress monitoring, accommodation use tracking, and service delivery logging. EC-AID distributes the data collection and entry burden among those who directly interact with students through the use of automated reminders, mobile apps, and web browser interfaces. Collected data is immediately available on reports for the special education team. EC-AID enables teams to easily make data-driven decisions about student IEP's.

EC-AID offers a free trial period with no commitment. After the trial, charges accrue based on the number of students configured at $1 per student per month. There is no charge for users, the mobile app, extra features, etc.

EC-AID is made by Whale Shark Software, LLC and more information can be found at www.whalesharksoftware.com.

WHALE SHARK Software

Progress Reports

IEP Goal Reports document IEP progress monitoring including date, staff member, subject and optional comments.

Accommodation Reports document accommodation delivery including date, subject, staff member, student acceptance/rejection of accommodations verified with a signature, and optional comments.

Navigate your ocean of IEP data with ease
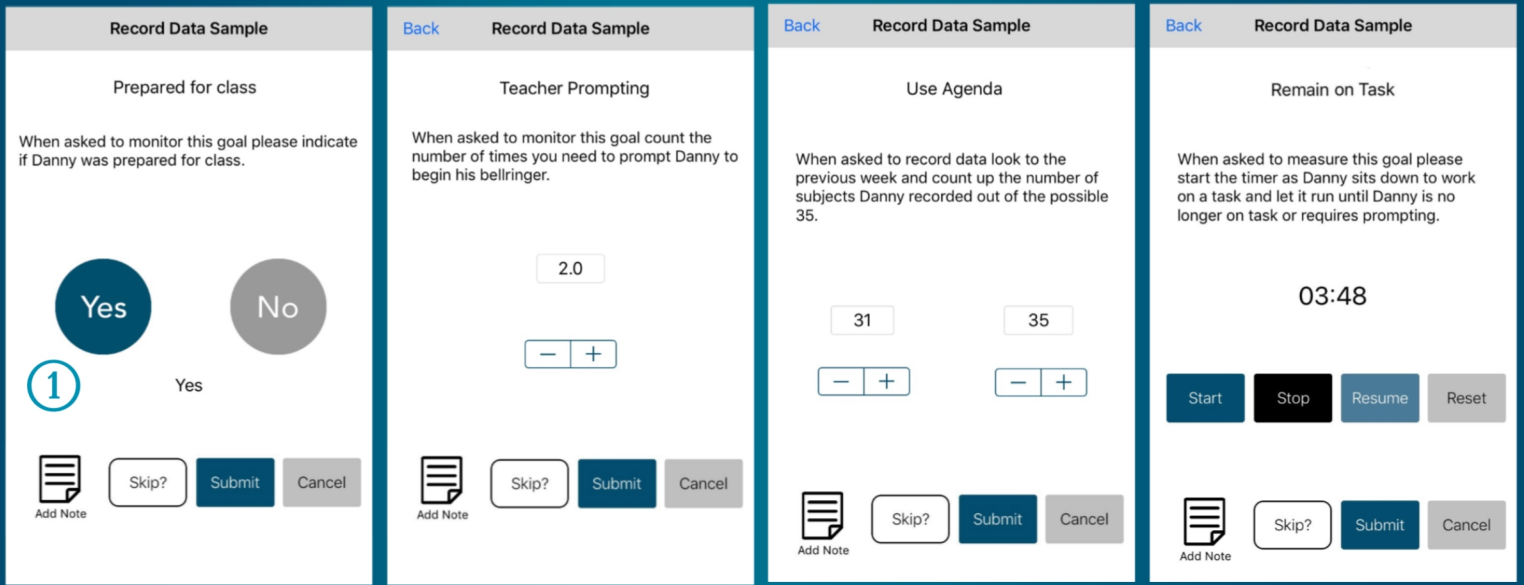

Mobile App (iOS and Android)

① Supports multiple goal measurement types

② EC-AID distributes data collection responsibility among associated staff and prompts when monitoring is due.

③ Sort accommodations by class block and filter for testing or classroom accommodations.

④ Document student acceptance/refusal when offering accommodations
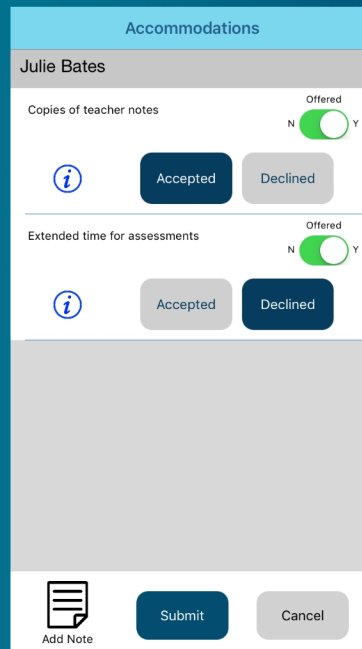

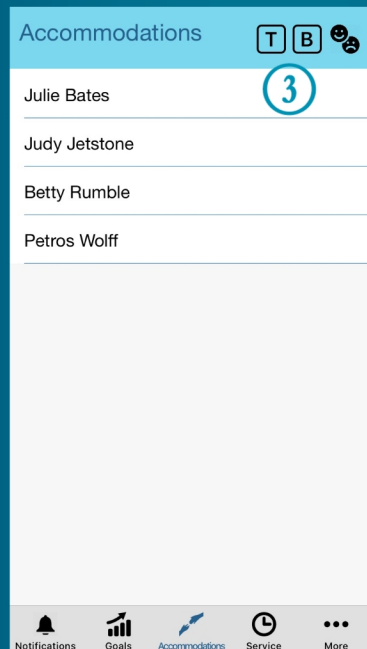

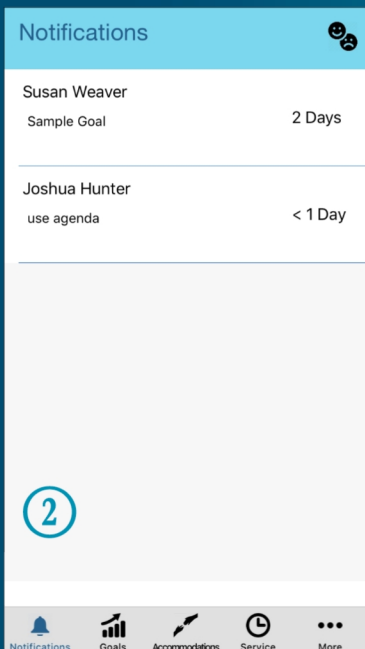

Helping teachers get back to teaching

NEW Service Delivery Logging

Record Delivery

Back | **Record Delivery**

Math- 5x/week 30 min- Special education

A certified special education teacher will provide targeted math instruction in the special education classroom

Status — **Delivered** / Student Absent

Duration (min) — 30

Add Note | **Submit** | **Cancel**

EC-AID can be used to track service delivery and ensure that students are receiving all minutes listed in their IEPs. Providers can also track sessions missed due to absences, changes to the school day schedule, or other reasons.

Service Delivery Reports provide a weekly summary of service delivery times as well as a detailed session log including date, staff member, session time, status, and optional comments.

Math- 5x/week 30 min- Special education

Description: A certified special education teacher will provide targeted math instruction in the special education classroom
To be delivered 5 times per week for 30 minutes each.

__73.3%__ (11 of 15) of sessions offered were delivered.

Delivered | Student Absent | Not Delivered

For 09/07/2020 to 09/25/2020

Week of	Sun	Mon	Tue	Wed	Thu	Fri	Sat	Weekly Total
Sep 06		0	30	30	0	0		60 minutes
Sep 13		30	30	30	30	0		120 minutes
Sep 20		30	30	30	30	30		150 minutes

Grand Total	5 hr 30 min

Accommodation Report

IEP Goal Reports - dual counter & duration

Features of EC-AID

- end-to-end data encryption
- role-based permissions
- web browser-based access
- iOS and Android app-supported data collection
- IEP goal progress monitoring and reporting
- track objectives within IEP goals
- rotate data collection among staff
- automated data collection prompts
- automatically graphs trends against targets
- document accommodation delivery
- document attempts to collect data or provide accommodations when student is absent
- track service delivery hours
- provide commentary on reports
- customizable calendars
- multiple schools and district support
- administrative reports
- exceptional customer service

Benefits

- FERPA-compliant data privacy
- facilitates IDEA compliance
- IEP goal progress reports
- encourages writing measurable IEP goals
- ongoing consistent progress measurement
- team data collection expands the circle of support for students and special education teachers
- documented accommodation delivery
- documented service delivery
- compensatory education determination
- administrative insights
- data collection with fidelity
- increased instruction time
- data driven conversations and decisions
- available from anywhere
- on-demand, informative reports to share with parents
