

**THE STEPPING
STONES GROUP**

Transforming Lives Together

Providing Exceptional Services & Evaluations through Telepractice to School Districts Nationwide!

Pioneers in the telepractice field for over a decade.

The Stepping Stones Group is uniquely qualified to understand what schools need to improve student outcomes. Whether you are looking to stay in compliance until an on-site clinician is identified, need short-term maternity or medical leave coverage, or looking at telepractice as a long-term solution, we have you covered!

No one-size-fits-all model.

We tailor our comprehensive service delivery models to blend into any district's existing framework. With leading experts in the field, this allows us to provide exceptional services to meet the unique needs of your students. In addition to assessment, intervention and consultation, our professionals are experts at motivating children to make progress and thrive through our interactive therapy platform!

Services delivered safely, securely, and easily.

Thanks to our telepractice program, students can access secure HIPAA and FERPA compliant best practices from highly qualified telepractitioners.
