

## Congratulations Brittany & Jessica Miller!

### 2022 Exceptional Parents of the Year!

Brittany and Jessica Miller are the parents of Carver, a student that is in the K-2nd MiCI classroom at Garfield Elementary in Port Huron Area Schools. Carver had a rough start in life until he was fostered and adopted by Brittany and Jessica. He has made tremendous growth in every aspect of his life due to the dedication of Brittany and Jessica.

Carver's parents have worked closely and diligently with the school team to help them understand and provide the best supports for their son. Due to the Millers supporting both Carver and his school team for the last five years, Carver is now in a less restrictive classroom.

What really sticks out about these parents is their positive involvement in the team collaboration process. They are happy to assist in any way to support Carver. Brittany and Jessica go above and beyond to ensure effective communication between the school and home. Carver's parents not only emphasize the importance of his academic success, but they also assist with any life skill development.

Carver's continued growth and success at school and home is due, in large part, to the great commitment of his parents. Through their support of the school, collaboration with professionals and initiative to involve Carver socially, Brittany and Jessica Miller are truly exceptional parents and deserving of this great honor and award.
