

Council for Exceptional Children LD Strategy Summit Sponsorship

CEC's Learning Disabilities (LD) Strategy Summit is a virtual event designed for educators and administrators who support students with learning disabilities. Presented in partnership with CEC's Division for Learning Disabilities (DLD), the Summit features keynote speakers and practical, evidence-based sessions led by national experts.

This event follows the success of CEC's Access for All membership campaign, which grew our community by 60% to nearly 35,000 members. The overwhelming majority of new members joined DLD, underscoring a national demand for support in the LD space.

Connect your organization with a targeted community of administrators and teachers who are actively seeking strategies to improve outcomes for students with LD.
