

"Beam encourages kids of all abilities to play together in our gym. As a result, we've been able to attract many more families to Sensory Beans."

Rachel Roslow, President

RESULT

Sensory Beans successfully integrated Beam by EyeClick to create an all-inclusive play environment that benefits children of all ages and abilities. The colorful, interactive games have become a focal point of the gym, attracting attention and encouraging participation from both kids and their families. Beam provides a seamless, social experience, allowing children with and without special needs to play together, strengthening family bonds. The system's simplicity and immediate impact have helped Sensory Beans attract more families and offer a unique, engaging experience that aligns with their mission.

- ✓ Beam offers dozens of educational games covering a wide range of early learning topics without the need for downloads or additional purchases
- ✓ The system's eye-catching games create a strong visual appeal, drawing kids into the play area and enhancing their overall experience
- ✓ The easy setup and operation of Beam allow Sensory Beans to focus on providing a sensory-rich environment while attracting more families to the gym
