CEC MEMBER TYPES AND CODES

About CEC Member Types and Codes
This resource provides an overview of the different **CEC member types and their corresponding codes**. These codes help identify the membership category each individual belongs to, such as Affiliate, Professional, Student, or Retired Member, etc.

You can find these codes in **Column E (labeled "Member Type")** of your Component's Membership Report. Understanding these codes will help you:

- Track the composition of your membership more effectively
- Tailor engagement efforts for different member categories
- Ensure accurate reporting and communication

Use this guide as a quick reference whenever you review your membership data.
